Subject: Stormwater modeling results
Date: 01/28/2008 08:57 AM

If any or all of you would like to hear more about the latest round of stormwater results, let me know. I've analyzed the data a few different ways to answer a few different questions.

I don't know that we need to set up a meeting - perhaps we could connect sometime when you are in the office. I could walk you through the process/results in a half hour, and could also give you the files if you want to do some more of your own poking around.
